

Considerations for Agritourism Operations During the COVID-19 Pandemic - Webinars

The Rutgers Cooperative Extension Agritourism Working Group developed considerations to assist NJ farmers with agritourism operations on their farms during the COVID-19 pandemic. This document is designed to help operators manage strategies for compliance with State executive orders and federal/state/local safety guidelines. The team will host 2 webinars on 8/31 and 9/1 at 7:00PM to discuss the considerations and provide an opportunity for farmers with agritourism operations to network.

Monday, August 31, 2020 07:00 PM

And

Tuesday, September 1, 2020 07:00 PM
